Handicaps

All members of Bridge of Allan Golf Club are eligible to obtain and maintain a handicap. A handicap is a measurement of your current golfing ability and allows competition between players of all abilities and age ranges. Handicaps are used in most club competitions to ensure that all players can compete equally.

All the handicaps in Scotland are administered by Scottish Golf and are calculated as all other handicaps in the world, using the World Handicap System (WHS). This system has only been in operation for a little more than a year and it has taken some getting used to, especially for those who were used to the old system as it is significantly different. Full details of the World Handicap System can be found at <https://www.whs.com/>

To obtain a handicap you need to obtain a CDH (Central Database of Handicaps) number - This can be issued by the club. Any player wishing to obtain a handicap should request a CDH number from Graeme Cameron at matchsecretary@bofagc.com You then need to submit 54 holes worth of scores. These can be recorded in any combination of 9 or 18 hole rounds and can be submitted by entering a score on paper and posting it in the box inside the back door of the clubhouse, or electronically using either the touch screen in the clubhouse or by using the Scottish Golf or How Did I Do Apps. Full details on how to enter a score on each of these media will be made available by the club in the coming weeks.

Apps & Websites

As with so many things, there are several applications and websites which can be used or installed on smart devices such as phones and tablets which make interaction with the golf club much easier. More detailed user guides to each of these Apps will be released before the start of the summer season.

BRS – Search the App Store for ‘BRS Golf’ or use the [BRS Website](#)

This is used by the club to allow members to book tee times. All rounds should be booked in advance so that all members can see how busy the course is.

ClubV1 and How Did I Do – Search for ‘ClubV1 Members App’ and ‘How Did I Do’

All members are encouraged to register for the clubV1 Members App. This allows easy communication between the club and the members. The How Did I Do App is used to administer competitions.

Scottish Golf – Search the App Store for ‘My Scottish Golf’

The Scottish Golf App is required to capture ‘General Play’ scores at clubs where you are not a member. This App also allows a player to see their handicap record and it highlights which scores are counting towards your handicap index.
